As I predicted in a former letter the dent is deeply interested in the proosed irrigation of the arid lands of the rest. He sent for Colonel Elwood Meadthe expert on the subject in the Department of Agriculture, Thursday, and had long talk on the subject, instruction Colonel Mead to prepare and hand to him data on the subject. Colonel Mead tells me that the President's experience with irrigation on his Montana ranch and his knowledge of the ranch business leads him to believe that if the supply of cattle, known as feeders, is to be kept up and our very extensive cattle exports are to be maintained, some method of making arid lands available for pasture and he growing of forage must be found and that irrigation presents the only solution to the problem.

Democratic predictions of a split be-ween Senator Platt and the President have, as was to be expected, failed to materialize. The official announcement of the appointment of Mr. George N. Whitehead to be Appraiser of the port of New York, has been given out at the Treasury. This is in accordance with the wishes of the New York Senator and with the recommendation of the Secretary of the Treasury. When Secretary Gage first recommended Mr. Whitehead, Senator Platt did not particularly favor the appointment, but a more careful examiion of the situation led him, after his turn to New York, to write the Presi dent endorsing the selection. Mr. White-head "covered himself with glory" some five years ago, when he was sent as Special Agent to inspect the New York office, then under Mr. Wakeman's direc-Mr. Whitehead made numerous recommendations for improvements in the management that ought to be made, although some of them met for a time sition of Mr. Wakeman. It is reported that the entire British Cabinet has now given its assent to the treaty regarding the Isthmian Canal, which Lord Pauncefote is bringing to this country. The treaty is so favorable to American wishes that it will be ratified ediately and its ratification promptly followed by a bill providing for the con struction of the canal. It is quite possi-ble that within a year work will begin. The new treaty is a source of much grati because it has brought to a close, a engthy and delicate diplomatic negotia-tion, but because it is regarded as recognizing in its provisions the equity of the Monroe Doctrine. With the doctrine re-

WHIPPING AT DOVER

Wilbur Ridgway, who' has figured in the courts of Kent county conspicuously for the past two years as the deaf and dumb thief, suddenly developed the power of speech while hugging the whip-ping post Saturday. Sheriff Reedy was yigorously applying the top leaker with ping post Saturday. Sheriff Reedy was vigorously applying the ten lashes, with which the court sentenced Ridgway last week, when the latter exclaimed, in the midst of his twisting: "Ouch?" and "Oh, sheriff!" Deputy Sheriff John M. Ward has frequently said that Ridgway was only feigning the part of a mute, in the hore of securing the legicary of the only legging the part of a mute, in the hope of securing the leniency of the courts. He has always been slightly deaf, and since he has been so often before magistrates has always pretended to be unable to understand anything. After being taken back to his cell Ridgway said: "Please, Mr. Ward, may I get out in the corridor and walk around; I'll be good." Further questionine failed to good." IIDDLETOWN, DEL., NOVEMBER 9, 1901.

It sometimes happens that pre-dictions made before the election do not turn out anywhere near right. This is the case with our prophecy as to Philadelphia and Pennsylvania both of which were carried by the Machine Republicans instead of by the Union party. In order to do this, how ever, it was necessary to resort to the most open and bare faced fraud and violence. So bold were the repeaters and so fre quent their voting, that while they were only paid fifty cents for each time that they voted, they were able to secure enough

money to be satisfied.

In New York, the best hopes of the good citizens were fully realized in the election of Seth Low as Mayor of Greater New York by a plurality of 29,864 votes, and of William Travers Jerome as District Attorney of the old city of New York, by a plurality of 15,880 votes, and by the almost complete annihilation of Tammany Hall so far as office holding is concerned. In addition to loss of power and prestige Tammany officials lost heavily in the betting. Croker, Sullivan, Fanell and Carroll are each reported to have lost more than \$100,090 and the total losses of Tammany will probably exceed \$1,000,000. They thought they had it "dead easy" but like some other "good things" it went

In Maryland, the result is yet in doubt, both Republicans and Democrats claiming a majority of the Legislature on joint ballet. Fraud was rampant on the Eastern Shore in particular, all of the election officers being Demowere thrown out on account of the party. slight irregularities in marking, the proportion running about 70 Republicans to 30 Democrats losing their votes for this reason. In our neighboring County of Cecil, the Republicans made a gallant fight against heavy odds. The normal Democratic majority in years of State elections is between 400 and 500, but this year the Republicans elect one Senator, one Representaive and two County Commissioners. The Republicans thas secure the control of the county affairs and will have be appointment of constables an excise or license board and all minor officers. The Republican Representative elected is Mr. Joshua Clayton who has a majority of 27 votes. Mr. Clayton is a former resident of St. Georges Hundred and secured and is also the editor of the Sussex Re his political training in this community. We congratulate him positions in the town of Georgetown and upon his success. In Ohio, the Republicans se-

cured the highest plurality ever received at a State election, and in New Jersey the Republican the Republican candidate for Congress, candidate for Governor was elected by an increased majority.

The results in all the states show that the Republicans have not lost any ground, but that Democracy especially of the Bryan brand has lost. Even Nebraska where Mr. Bryan went on the stump decided against the Democrats and Fusionists. The only places where the party has in any manner held its own is in states where Bryan was repudiated and where the party was led by men who have been in the past, and still are, opposed to Bryanism and Free Silver.

A JUDICIAL INTERPRETATION

The Committee of fifty has acted. On Wednesday afternoon an order was put on County Comptroller Kelley restraining him from issuing and a like order City. on County Treasurer Rettew restraining him from paying a certain warrant ordered drawn by the Levy Court on Tuesday. This warrant was in payment of Sheriff McDaniel's bill for the board of prisoners alleged to have been committed by Mayor Boyd, of New Castle, and which bill Mr. Kelley had vetoed. We erick, were Wilmington visitors last Satwill now have a judicial interpre. tation of the law bearing on this disputed point, as the Chancellor has set December 2d as the day when he will hear argument. Attorney-General Ward and J. Harvey Whiteman appear as attorneys for the people, while Horace G. Knowles, attorney for the Levy Court will probably appear on the other side.

COLLECTOR OF THE PORT

As was to be expected, President Roosevelt has done the right thing at the right time in the appointment of Robert G. Tuesday, where they will reside. Houston, of Georgetown, as Collector of the Port of Wilmington Mr. Houston is the present editor of the Sussex Republican, and was the candidate of the Republican party for Congress in 1896, being defeated by L. R. G. HOUSTON NAMED

It was announced from Washington Georgetown, had been appointed collect of port to succeed Dr. William H. Coope whose term expired on December 24th last. Mr. Houston is a well-known Re-publican leader of Sussex county and it was expected for some time that he would be appointed. There were a number of candidates for the position, including Colonel D. P. Barnard, who was said some months ago to be slated for the place; David W. Elkinton, of New Castle, G. W. W. Naudain, of Middletown, Jon athan S. Willis, of Milford and H. H. McMullin, of Bear Station.

Mr. Houston is one of the best-known Republicans in the state. He was born n Sussex county on October 13th, 1867, and is believed to be the youngest man who ever held the position of collector of port. He is a member of the Sussex ounty bar, having studied law under his uncle, the late Judge John W. Houston publican. REPUBLICAN VICTORY

The state and city election held Tues day indicate sweeping Republican gains the most notable of which was the defea of Tammany in New York. Election were held in Maryland, Virginia, Penn ylvania, New Jersey, Massachusetts Rhode Island, Ohio, Nebraska, Iowa and Mississippi. Four Congressmen were elected to fill vacancies, one each in South Carolina, Texas, New York and Pennsylvania. Legislatures were also made up, which will elect United States nators in Maryland, Ohio, Kentucky and Iowa.

TAMMANY DEFEATED IN NEW YORK Seth Low and the entire Fusion ticket in New York was elected, the plurality on Mayor exceeding 30,000. Van Wyck, for Justice, ran 15,000 behind his ticket. In New York State the Republicans were generally successful, electing their Mayors in Troy, Albany, Syracuse, Buffalo, Binghamton and Oswego.

READY AT EVERY POINT

The average man can't appreciate what it means to prepare a big clothing stock. Cutting and making stocks by the tens of thousands is a big undertaking. It means, in the first place, fine judgment in the selection of materials, carefulness in the choice of linings, the employment of skillful cutters and tailors. This classification is simple enough, but the details are enormous

manufacturing, atthough every nock and corner holds a skilled workman. We own a big manufacturing plant independent of this building, which is used exclusively for the making of Boys' and small Boys' clothing. We control numerous other workshops throughout our city. The vastness of our output insures results that are certain and beyond dispute.

YOU CAN DEPEND UPON 1. Abundant variety to choose from. Oak Hall doesn't

know meagre stocks.

2. Absolutely dependable and stylish materials. We ransack the best mills for materials.

3. Moderation in price. We save you 25 per cent., because

we are manufacturers.

If 40 years of trustworthy service is any commendation, we are entitled to it; but we use the past simply as a stepping stone to something better. MEN'S SUITS

\$8.50—All wool black Cheviot; well sewed; stylishly \$10.00, \$12.00—Oxford Mixtures, Clay Weave Diagonals and fancy Cheviots by the Score. Plenty

of exclusive styles for the younger men. \$15.00, \$18.00 and \$20.00—The top notch in ready-to-wear tailoring. This is where we lock up vast capital. Every pattern worth one hundred cents on the dollar.

MEN'S OVERCOATS Hardheaded, practical men take little stock in my materials. Will they stand the test of hard showy materials. service, is the important question.

Sturdy all wool Overcoats, \$6.50, on up to \$45.00, for the genuine Sedan Montagnac-the Prince ready-to-wear overcoats. At \$10.00, \$12.00, \$15.00—where the multitude
